Abraham Moshe Bernstein
Arr. Stuart Izon

Version 1

This remarkable composition was written by Abraham Moshe Bernstein – prolific composer, educator, choirmaster, and chazzan for thirty years at the Khor Shul in Vilna. The work became a standard of the synagogue repertoire and was famously recorded by Gershon Sirota. According to Rev. Judah Landenberg, Rimsky-Korsakov praised Bernstein's setting of the 13 Attributes as "the most interesting tune of Jewish liturgical music".

The relationship of this setting to the threefold repetition of the 13 Attributes is unclear. Most recordings, including the one by Sirota, present only two verses, though some arrangements add a da capo returning to the opening section for a third repetition.
