

Hodu Ladonai

(for Pesach)

109f

Version 2

Julius Mombach
Arr. Stuart Izon

Though this is a setting for Hallel in the synagogue on Pesach morning, I have only known it as a melody we use at the Pesach Seder. Mombach's composition is absent from the Blue Book, but it appears in the Haggadah section of Bernard Cousin's 1952 publication "Sabbath and Festival Music for the Home", with the words set to only the first line of the melody.
